THE BUMPER STICKER POLL
By William D. Graff

Being a bit skeptical of LBJ's popularity in the current poll ratings, this writer decided to establish the Southern California Bumper Sticker Poll.

The setting for the poll has been 40 miles of the Los Angeles County freeways during the rush hours over a three-week period. At this writing, Goldwater stickers outnumber LBJ banners by a 5 to 3 margin.

The possibility of error due to misleading answers is eliminated in the Bumper Sticker Poll. These drivers aren't trying to kid anybody, and they don't even know we're conducting the poll. Sneaky but effective, wouldn't you say?

We're not sure what this 5 to 3 margin for Barry means, but we see it as a pretty fair cross section of voter thinking in an area that swings California against Rocky in the June GOP primary.

KEY STATE

The pundits have admitted that California might provide the key to the general election in November, so we thought the Southern California Bumper Sticker Poll would prove interesting to Goldwater supporters, that is.

We've read somewhere that President Johnson makes a regular morning check of the polls, frequently calling the pollsters to check the authenticity of latest reports. If he calls us, we'll have to tell him the truth — unpleasant as he might find it to listen to.

Speaking of bumper stickers, one of the best we've seen is being distributed via mail

order by a firm in Peoria, Ill. It reads "Please, Uncle Sam, I'd Rather Do It Myself."

This got us to thinking what a strange paradox it is for a nation of "do-it-yourself" fiends to be accepting the let-uncle-do-it-for-you idea.

SELF-ABILITY

Let's look at a major reason why Americans prefer to do so many things for themselves from fixing the family car to tiling their own kitchen floors. The charge for labor on most repair and remodeling work has forced John Q. to roll up his sleeves and tackle the job for better or worse. And, by golly, he doesn't do too badly either!

Why, then, does he tend to be complacent about turning over so much of his own life to decision-making and regulation by bureaucrats?

The answer may be in his failure to recognize how much all of these government "services" are costing him. He may be so accustomed to bypassing the "withholding" portion of his weekly paycheck that he completely forgets it is money that he earned himself.

Since he's been forced to abandon so many services by trades people because of high labor costs, one might suppose he'd see the advantage of squawking good and loud about being forced to pay for government "assistance" that is almost as essential to him as a hole in the head would be.

Crown Gets

New Name

After 50 Years

Crown, a gasoline brand-name used by Standard Oil Company (Kentucky) for more than 50 years, is being replaced by a new name—Chevron.

"With the change to the Chevron name we are identifying our retail operations with those of our parent company, Standard

Oil Company of California," said W. C. Smith, President of the Standard Oil Company. "This Company and its subsidiaries have been using the Chevron 30,000 gasoline pumps in name in 28 states, Canada and Latin America before the addition of Standard of Kentucky's five states." Decals bearing the new name had to be placed on the pumps in the next few days, and the change became effective October 6th. The Chevron trademark is red, white and blue. Work on this changeover has been going on for the past ninety days, and the change became effective October 6th. There will be no Standard Oil sign.

"I'M LEFT OUT" . . . SO ARE PICTURES, ARTISTS

It hurts but we're having to hold several pictures and new articles intended for this issue of The Clipper. Also it hurts my feelings because I'm getting "left out" of the paper. Spare just won't permit my column, office too late for this issue of the paper that should have gone. They were of Miss Kinston and Little Miss Kinston. These pictures and story will be in next week's Clipper.

A new feature that was scheduled to begin this week is also being held until next week. That is a picture of a Mystery Scene that will begin in this paper that is expected to create a lot of interest. At any rate the Clipper photographer enjoys getting these pictures.

Maybe I'll get some space next week though we're delighted that people are interested enough in The Clipper to bring us news and pictures. We are very happy over the cooperation we get here at the Clipper office.

Farm NEWS

NEW ORLEANS
I enjoyed attending the National Association of County Agricultural Agents annual meeting in New Orleans last week. Sugarcane farmers there were hard hit by hurricane Hilda. The sugarcane wasn't hurt as much as the harvesting would have to be done by hand rather than by machines. They use a lot of machinery with sugarcane harvesting much as we do in peanut harvesting. The cane was blown down and several thousand hand laborers were being brought in.

PEANUT BUTTER
County Agents and their wives and families from all over the U.S. had a chance to eat some peanut butter and peanuts last week in New Orleans. The peanut butter was made available by Seasons Company here in Enterprise, and the peanuts were provided by the Alabama Peanut Producers Association. They mixed the peanut butter up in lot of ways, but one combination that seemed popular was the peanut butter and honey spread.

We hope to complete the Coffee County Forestry Survey this week. In the beginning, we had about 250 people to interview. At the present time, we have some 100 left. We

Coffee County's 4-H Club exhibit placed 1st in 4-H competition at the State Fair last week in Birmingham. We are certainly indebted to each and every one who has had any part in making this exhibit possible. The exhibit is now on display at the South Alabama Fair in Montgomery. At the time that this column was written, the exhibit had not been judged.

4-H CLUB MEETINGS

4-H Club meetings were held in Zion Chapel, Kinston, and New Brockton last week. We plan to meet the clubs at Curtis, Goodman, New Hope, and New Brockton this week. A major portion of the time this month is spent in enrollment and general organization. We will also be discussing the 4-H Beef Calf program.

4-H BEEF CALVES

The deadline for having calves on feed for the Coffee County 4-H, FFA, and PFA Fat Calf Show and Sale will be November 1, 1964. We need to get these calves just as soon as possible.

BEEF AND EGG MONTH

Alabama beef and eggs are getting special promotional boosts in October. The Alabama Cattleman's Association has designated October as "Alabama Beef Month." The Alabama Poultry Industry Association has designated October as "Egg Month."

The Revenue Act of 1964 marked the first major overhaul of the Federal income tax in decades. While the changes affect every taxpayer, several provisions will particularly affect farmers' tax liabilities and their after-tax incomes.

Do we really need a Medicare Tax?

Health care is now available for "over 65's" who cannot afford to pay

If you are over 65, facing medical expense and can't pay for it... it's yours for the asking, already provided for by law. The Kerr-Mills Act offers a Health Opportunity Program for the Elderly with the federal and state governments sharing the cost.

In most states this care is far, far greater than that offered by Medicare proposals... and no additional tax is necessary!

If you are elderly, and without funds for needed medical care, ask your doctor about the Health Opportunity Program for the Elderly, or call your local medical society.

HOW MUCH WATER SHOULD YOU DRINK?

All living cells of the body function in a fluid environment. This fluid is steadily lost through the gastrointestinal and urinary tracts. More is lost by perspiration and through the lungs. It must be replaced because the skin cannot absorb moisture from the air no matter how humid the day.

The body usually functions best if two quarts of liquids are taken in each day. One quart is considered the minimum. So estimate how much you get each day in coffee, etc. and drink additional water to help keep you healthier.

Mr. and Mrs. James Gardner Clark were at 3 to 5:00 in the evening to a host of friends and relatives at a lovely reception celebrating their 50th wedding anniversary.

The reception hall held massive arrangements of specimen mums. An especially lovely plant, grown and presented to the couple by Mrs. Clark's aunt, Mrs. Annie King, was placed near the front entrance. Baskets of yellow roses and gerber daisies decorated the living room where Mr. and Mrs. Clark, James Clark, of Seina, Charles Clark, of Birmingham, and Mrs. Nell Gardner House, of Dadeville, stood to receive the guests.

In the dining room the large oval shaped table, overlaid with an exquisite handmade curwork gold tinged cloth, held a tiered wedding cake. The cake was embossed with yellow and silver. The base of the cake was decorated with yellow and silver. A silver coffee service was placed on one end of the table and a silver coffee service at the opposite end.

Silver trays of sandwiches, individual cakes, and cheese straws completed the table appointments. A background for the lovely table was a handsome colonial sideboard holding a seven branched candelabra with graceful yellow tapers and silver trays of mints.

Mrs. Arthur Joe Grant, the former Miss Louise Lee and sister of Mrs. Clark, met the guests and presented them to Mr. and Mrs. Clark, their one daughter and two sons. Guests were registered by Mrs. Lewis Crews, formerly, Miss Sara Lee, also sister of Mrs. Clark. Others who served in the dining room and assisted in entertaining were: Mrs. Al Ralner, the former Miss Rena Lee; Mrs. John Sanders, the former Miss Eva Leo; and Mrs. Hobbie Helms, the former Miss Sue Lee, all sisters of Mrs. Clark, and Mrs. L.P. Bryan, Mrs. Matting, Mrs. Velma Ellis, Mrs. Catherine Ellis, Mrs. Vera Bell Ellis, Miss Donna Laney, Mrs. Dot Laney, Miss Dorothy Clark, Miss Patti Lee Crews, and Miss Louise Sanders, Miss Anna Clark, only sister of Mr. Clark.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a source of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs the moral and material support. Plan to go to church regularly and read your Bible daily.

High comedy! They may not be actresses, but they're accomplished mimics.

Yet as I cavedrop on their little game of pretending - well, as a mother, I'm just a bit frightened. How readily they pick up their characteristic poses and attitudes... always exaggerating to an extent... trying to be more like us than we are ourselves!

Then I remember the day John and I made that thoughtful decision to join the made in our lives. And what a difference it is making in our children's lives.

There's no harm in youngsters imitating adults... so long as the adults they imitate are worth imitating!

JUS RAMBLIN'

Again I get eliminated from this newspaper. I give up. There is not enough space for me.

See the large rattlesnake pictured on this page. Even the grown-ups who stopped to see this big rattler were afraid to get close to him even though he was dead, but the children felt safe enough and they held him for the picture.

If you think it is frightening to see such a big and such a poisonous snake that is already dead and out in the daylight you just ought to try developing the print in the darkroom and see such a horrible thing up close before you. While I was working with this print in an almost completely dark room a sudden noise happened close to me when something dropped and I went straight up and was never more frightened in my life. I could feel that snake crawling after me. 'Taint a good feeling to be in the dark and all you can see is a big snake developing right before your eyes.

WHAT A CATCH - Especially for such young folk. Pictured from left is Deborah Houtt, Tony Martin and Keith Houtt as they display the wide-mouthed monster. This crawler was six feet long and is pictured without his rattlers.

This rattler was killed on the Flournoy Whitman farm in the Pine Level community, by C. V. Flowers, who works there. Mr. Whitman reported that Flowers killed this large snake with a small stick he picked up, the only thing available while coiled with his many rattlers filling the air with the ring of death, but in this case was the snakes. Flowers and Whitman were working in an old 25-acre field planting winter rye. A rattler was killed near the same field three weeks ago but was not as large as this one, which is one of the largest to be captured in this area.

Keith and Deborah Houtt got on the act, according to their statement, because their parents, Mr. and Mrs. George Houtt are away on a trip and they are staying with their grandparents, Mr. and Mrs. Whitman. Young Tony happened along in time to join them for the picture.

The idea for this type half time show was conceived last year in Samson when the bands played together after the game.

EHS Tigers Defeat Hartford 20-6 In Homecoming Game

The Elba Tigers won their first football game of the 1964 season last Friday night. They did themselves proud in winning the homecoming game with a score of 20 to 6.

Elba made the most of two turnovers from the Hartford Bulldogs in the first half and at halftime led with 13 to 0. Elba claimed a loose ball at the Hartford 46 to set up the first rally. Merrill Shirley smashed the ball over for six points and a 6-0 lead. Steady gainers produced the early spurt. Shirley was a key man in the drive, carrying on the coming with one second left of the first half of the game got the second touchdown as Shirley again scored for the Tigers.

Elba punted to the visitors. The Bulldogs' Tex Fulford took from its own 49 to the 16. The Bulldogs' Tex Fulford took the punt but couldn't hang on to it. Elba called time out and Shirley went wide to the right. Shirley took a pass from quarterback Ricky Parker near the end zone strip as the buzzer sounded. Jost Inman's kick made it 13-0.

Hartford got on the scoreboard shortly after taking the second half kickoff. Helped by Jim Strickland's big 18-yard sprint for a first down, it drove to the 33 on six plays. Strickland squeezed through a tight Elba defense up the middle of fourth and only inches darted to pay dirt.

With nine minutes left in the game, fullback Farrell Smith concluded a march from near midfield with a two-yard run to pay dirt. Inman kicked his second touchdown point.

Preparations are now under way to present a unique half time show on Friday. Half time will feature a show combining the Samson High School Band and Elba High's "Tiger" Band. The entire show will be performed together including a flashy precision drill followed by show tunes featuring the combined bands.

Joe V. Summers of Elba and Bill Benton of Samson, both of who marched together in the University of Alabama Million Dollar Band, have been working individually and together to put the show together.

The bands will practice individually this week and put the show together Friday.

The idea for this type half time show was conceived last year in Samson when the bands played together after the game.
